ISO 14001:2015 EMS LEAD AUDITOR ONLINE COURSE

The EMS Lead Auditor course provides a solid framework for meeting customer challenges and realizing benefits such as environmental protection, resource conservation, and improved energy efficiency. Optimize your auditing skills in line with the internationally recognized ISO 14001:2015 and boost your internal audit capabilities with the latest developments of the new 19011:2018 standard.

WHAT WILL I LEARN?

- Perform an audit as per the requirements of the ISO 14001:2015 Standard
- Planning and Implementation of EMS Internal and External Audit.
- To provide delegates with the knowledge and skills required to perform first, second, and third-party ISO audits of environmental management systems against ISO 14001, ISO 19011, and ISO/IEC 17021, as applicable.
- How to Lead an Environmental Management System Audit Team.
- Understand the Tasks and Responsibilities of a Lead Auditor.
- Completing audit and follow-up.
- Environmental legislation and compliance evaluation.
- Comparison and requirements of standards.
- Review the EMS Documentation.

COURSE OUTLINE

ISO 14001 Lead Auditor Certification course covers:

- Overview and introduction to environmental management.
- Requirements of ISO 14001:2015 and the EMAS Regulation.
- Initial environmental review (IER).
- Scope of EMS.
- Environmental policy.
- Continual improvement based on the PDCA cycle.
- Initialize, Plan, and Conduct Audit.
- Follow the Standards of ISO 14001.
- Competence and communication.
- EMS audit and review.

Who needs ISO 14001 certification?

Staff working in any sector can benefit from achieving certification to ISO 14001 standards. The certification is broad enough to offer significant benefits to organizations in any industry or sector while providing a specific framework for implementing relevant sustainable practices.

What is the ISO 14001 Environmental Management System?

ISO 14001 is the internationally recognized standard for Environmental Management Systems (EMS). Organizations use the standard to improve their environmental performance through more efficient use of resources and reduction of waste, gaining a competitive advantage and the trust of stakeholders.

QSTC (Quality Safety Training Center) offers a **CQI-IRCA Certified EMS ISO 14001:2015 Lead Auditor Training course in UAE.**

CQI: IRCA ISO 14001:2015 EMS Lead Auditor Certificate will be provided upon passing the exam successfully.
